

GOD'S PLAN AND PURPOSE FOR MANKIND

Part of Kingdom Seekers Ministry is our local fellowship group which we call **KINGDOM TRUTH FELLOWSHIP**. For many years we have been meeting on Sunday mornings to study God's Word together. We have sought to learn the story that the Bible presents, that we call **GOD'S PLAN AND PURPOSE FOR MANKIND**. This has consisted of a study from Genesis through Revelation. We have made this study trip several times since we started studying together as we have found that with each trip, we learn more that we then need to apply to another study trip. We are beginning another study trip in our group and felt that it might be well to share it with others outside of our group. We will be posting each lesson under this title as we again start with Genesis 1. We pray that you will benefit, as we have, in looking at the Bible as a plan, or an outline, of what God's intent is for man and how He fulfills that intent. You will need your Bibles as we rely on our fellow students to read most of the Scripture themselves as we comment on it. When this series is complete, you will have read most of the Bible. Please join us as we study together and pray that through our study, we might be a benefit to others. JRL
